MONTHLY STATISTICAL REPORT

December, 1993

MONTHLY STATISTICAL REPORT

Prepared by the
New Mexico Human Services Department
Income Support Division

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

INTRODUCTION

By Jeffrey J. Repichowski, Senior Fiscal Economist

After six consecutive months of decline, the number of Food Stamp cases increased by only five cases in the month of October, 1993. This was the longest stretch of declining Food Stamp caseloads followed by the smallest monthly increase in recent history.

The AFDC caseload increased by 349. There were 32,623 AFDC cases in New Mexico during October, 1993. However, the rise in the AFDC caseload appears to be following usual seasonal increases, not the rapid expansion which took place a few years ago.

In addition, the number of cases in the General Assistance Program increased. There were 1,510 General Assistance cases in October, 1993, an increase of 51 cases. New Mexico had 298 more General Assistance cases than in October, 1992.

Due to circumstances beyond our control, Medicaid eligible data are not available for the month of October, 1993. The department's fiscal agent is working on providing the data as soon as possible. Future editions of the Monthly Statistical Report will contain these data.

INCOME SUPPORT DIVISION PROGRAM OBJECTIVES
FUNDING SOURCE AND OPERATING BUDGET
FOR FY 82

FOOD STAMPS

100% Federally Funded
Budget $222,558,000

The Food Stamp Program provides increased purchasing power for food items, in order to promote adequate levels of nutrition among eligible low income households.

AFDC

74% Federally Funded
Budget $130,573,300

The Aid to Families with Dependent Children Program provides financial assistance to children who are deprived of support or care of one or both parents due to death, absence, disability, or unemployment.

LIHEAP

100% Federally Funded
Budget $6,300,000

The Low Income Home Energy Assistance Program provides assistance to eligible low income households in meeting home heating costs incurred during the months of November through February.

COMMODITIES

100% Federally Funded
Budget $ 389,000

The Commodities Program objective is to insure that low income households receive USDA commodities. Distribution is through schools, institutions and child care programs, as well as congregate feeding sites for the homeless.

PROJECT FORWARD

66% Federally Funded
Budget $8,245,000

AFDC and Food Stamp recipients participate in Project Forward to improve their education, vocational skills, work experience and job search abilities. Clients are reimbursed for child care, travel, and educational expenses.

CSBG

100% Federally Funded
Budget $2,090,000

The Community Services Block Grant Program allocates funds to community services agencies to address the needs of the poverty stricken. Services provided include: meals, adequate housing and assistance with employment.

GENERAL ASSISTANCE

100% State Funded
Budget $3,422,900

A limited program providing financial assistance to permanently or temporarily disabled adults, as well as children eligible for AFDC who are not living with a close relative.

HOMELESS PROGRAMS

State/Federally Funded
Budget $290,000

Programs assisting the homeless include: the Emergency Homeless Program, the Emergency Shelter Grant Program and the Collaborative Homeless Assistance Program. Each is designed to meet special needs of the homeless.

RESIDENTIAL CARE

100% State Funded
Budget $349,400

The State Supplement for Residential Care provides a monthly supplement to SSI recipients residing in a licensed adult residential care home. The intention is to provide an alternative to living in more expensive nursing homes.

NON XIX MED AFDC/GA

50%/100% State Funded
Budget $159,100

Medical examinations for use in the determination of disability as a factor of eligibility for AFDC and General Assistance are paid for from this fund.

REFUGEE RESETTLEMENT

100% Federally Funded
Budget $370,000

The Refugee Resettlement program assists entrants, regardless of national origin, to achieve economic self-sufficiency as quickly aspossible.

BURIAL PROGRAM

100% State Funded
Budget $4,500

The State Burial program assists in the burial expenses of deceased recipients of public assistance to a maximum of $200.

SAFE WATER

100% State Funded
Budget $99,600

The Safe Water program provides assistance to low income people needing to replace their present water and sewer facilities. Local Governments and non-profit organizations submit proposals for allocation of funds.

SLIAG

100% Federally Funded
Budget $900,000

The State Legalization Immigration Assistance Grant reimburses state and local units of government for costs incurred in providing public health, education and other assistance to eligible legalized aliens.

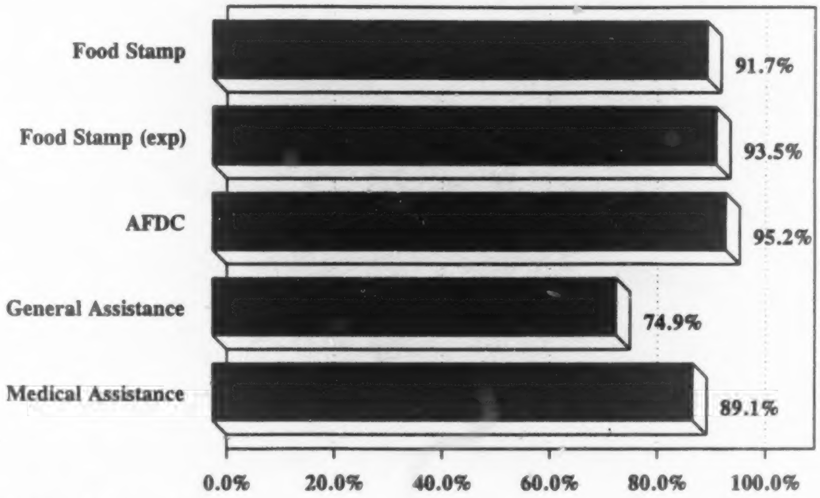
DISPOSITION TIMELINESS

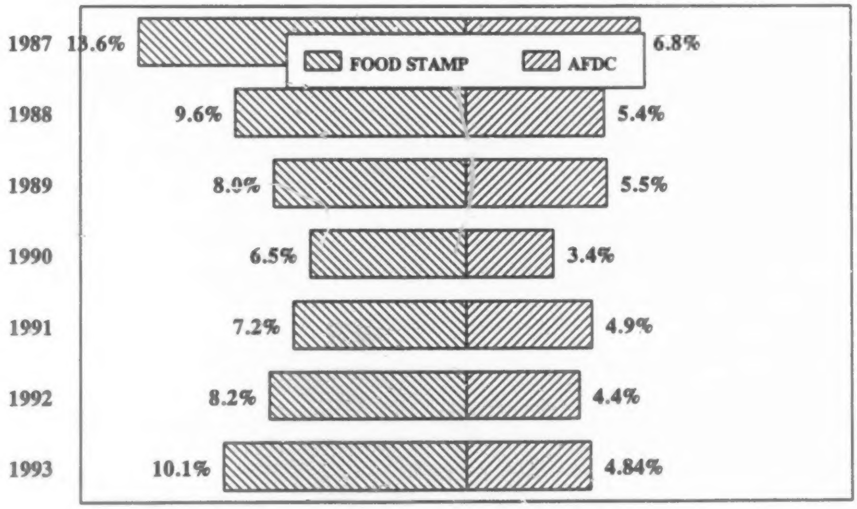
BY PROGRAM OCTOBER, 1993



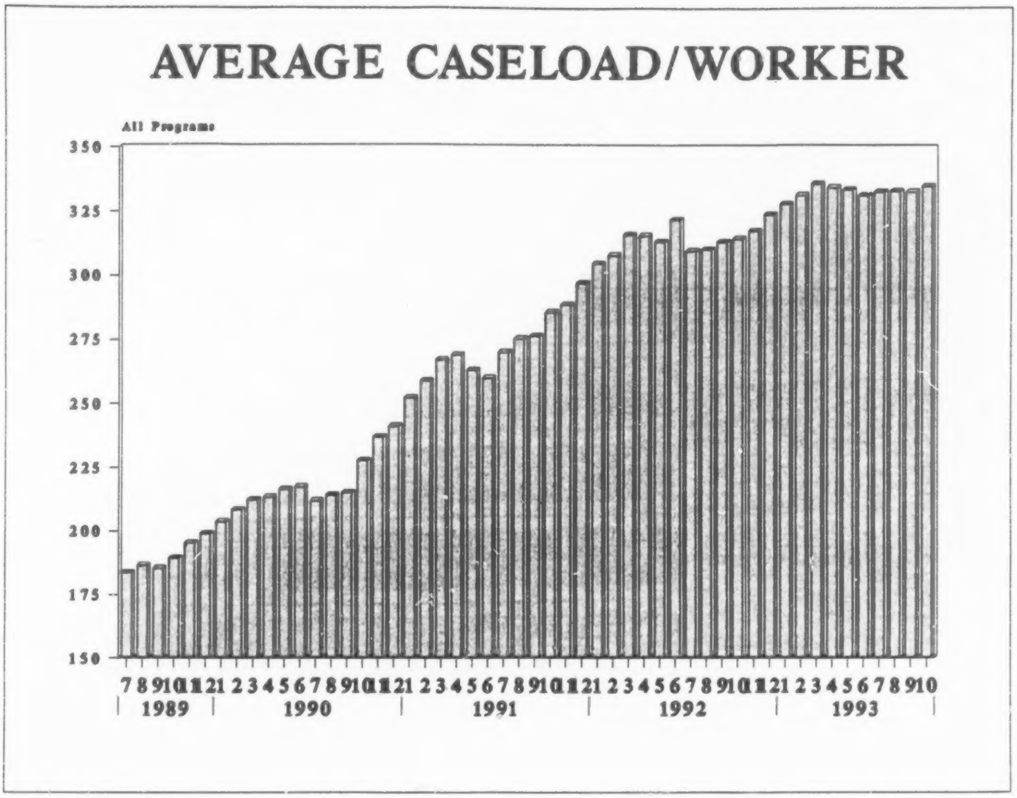
Note: The timeliness rate is understated for expedited Food Stamps.

PAYMENT ERROR RATES

by Federal Fiscal Year



FFY 93 error rate is through June, 1993



On average, Income Support Specialists are responsible for more than 330 cases each. Their caseload has continued to increase steadily over the last three years. This scenario is illustrated in the chart above.

Additional Income Support Specialists were authorized for the 79th, 80th, and 81st Fiscal Years. However, these extra case workers have not kept up with the rapid caseload growth.

Some of the reasons for the considerable growth in the workload include expanded eligibility in the Medicaid program for improved prenatal care, as well as growth in the Food Stamp, AFDC, and General Assistance programs.

Income Support Division case workers are responsible for the processing of applications for assistance, some of which are approved and become active cases. Income Support Specialists also verify existing cases and close the cases of those who have become ineligible or have left public assistance.

FAIR HEARINGS
DECISIONS RENDERED IN FAVOR OF:

The Hearings Bureau reported 81 fair hearings involving cases administered by the Income Support Division from July through September, 1993. The information presented on this page shows the number of hearings decided in favor of the client, the programs involved, the types of action involved, and the general policy areas which are relevant. Some hearings involved more than one program and more than one type of action. For example, one case involved a client whose food stamp case remained open, but the AFDC-UP case was closed because the client had been working the last two months.

MONTHLY STATISTICAL REPORT

Prepared by the
New Mexico Human Services Department
Income Support Division

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

INTRODUCTION

By Jeffrey J. Repichowski, Senior Fiscal Economist

For the first time in New Mexico's history, there are more than 100,000 individuals in the state who are receiving Aid to Families with Dependent Children. This milestone was first reached in November, 1993 with 100,230 individuals. The trend continued in December, 1993 with 100,739 and in January, 1994 with 101,676 recipients of AFDC. Although AFDC is at its highest level with 33,376 cases and food stamps also at its highest with 87,674 cases in January, 1994, monthly caseload growth is not as rapid as in years past.

Despite average caseloads in excess of 340 per Income Support Specialist, the error rates for AFDC and Food Stamps for Federal Fiscal Year 1993 were well within tolerable limits. The error rate for AFDC was 9.46%, and Food Stamps was 4.28%. The low error rates are attributable to the efficient work done by the Income Support Specialists in the county offices throughout the state.

The 1994 federal poverty guidelines were published by the United States Department of Health and Human Services in the Federal Register, Volume 59, Number 28, February 10, 1994, on pages 6277 through 6278. The monthly poverty income level for a three-person family increased from $983 in 1993 to $1,027 in 1994.

According to data released by the Administration for Children and Families of the United States Department of Health and Human Services, New Mexico ranks twenty-ninth out of fifty-one in the nation (including the District of Columbia) in AFDC payment standard. However, New Mexico has the fifth lowest need standard for AFDC. These data were as of October, 1993.

The Census Bureau of the United States Department of Commerce has published income and poverty data for 1992. New Mexico's poverty rate and median income are compared with other states in the nation. As is illustrated by record-setting caseloads, poverty in this state remains a challenge for the New Mexico Human Services Department.

The Office of Research and Statistics at the Social Security Administration recently released SSI data for 1992. In the report entitled, SSI Recipients By State and County, December, 1992, the number of persons in December, 1992 receiving federally administered SSI payments and the amount of payments for all states are presented. These data are also available for all counties in New Mexico. In addition, the amount of federally administered SSI payments for all states during 1992 are provided in this report.

Again, due to circumstances beyond our control, Medicaid eligible data are not available for the months of October, 1993 through January, 1994. The department's fiscal agent continues to work on providing the data as soon as possible. Future editions of the Monthly Statistical Report will contain these data.

INCOME SUPPORT DIVISION PROGRAM OBJECTIVES
FUNDING SOURCE AND OPERATING BUDGET
FOR FY 82

FOOD STAMPS
100% Federally Funded
Budget $222,558,000

The Food Stamp Program provides increased purchasing power for food items, in order to promote adequate levels of nutrition among eligible low income households.

AFDC
74% Federally Funded
Budget $130,573,300

The Aid to Families with Dependent Children Program provides financial assistance to children who are deprived of support or care of one or both parents due to death, absence, disability, or unemployment.

LIHEAP
100% Federally Funded
Budget $6,300,000

The Low Income Home Energy Assistance Program provides assistance to eligible low income households in meeting home heating costs incurred during the months of November through February.

COMMODITIES
100% Federally Funded
Budget $ 389,000

The Commodities Program objective is to insure that low income households receive USDA commodities. Distribution is through schools, institutions and child care programs, as well as congregate feeding sites for the homeless.

PROJECT FORWARD
66% Federally Funded
Budget $8,245,000

AFDC and Food Stamp recipients participate in Project Forward to improve their education, vocational skills, work experience and job search abilities. Clients are reimbursed for child care, travel, and educational expenses.

CSBG
100% Federally Funded
Budget $2,090,000

The Community Services Block Grant Program allocates funds to community services agencies to address the needs of the poverty stricken. Services provided include: meals, adequate housing and assistance with employment.

GENERAL ASSISTANCE
100% State Funded
Budget $3,422,900

A limited program providing financial assistance to permanently or temporarily disabled adults, as well as children eligible for AFDC who are not living with a close relative.

HOMELESS PROGRAMS
State/Federally Funded
Budget $290,000

Programs assisting the homeless include: the Emergency Homeless Program, the Emergency Shelter Grant Program and the Collaborative Homeless Assistance Program. Each is designed to meet special needs of the homeless.

REFUGEE RESETTLEMENT
100% Federally Funded
Budget $370,000

The Refugee Resettlement program assists entrants, regardless of national origin, to achieve economic self-sufficiency as quickly aspossible.

RESIDENTIAL CARE
100% State Funded
Budget $349,400

The State Supplement for Residential Care provides a monthly supplement to SSI recipients residing in a licensed adult residential care home. The intention is to provide an alternative to living in more expensive nursing homes.

BURIAL PROGRAM
100% State Funded
Budget $4,500

The State Burial program assists in the burial expenses of deceased recipients of public assistance to a maximum of $200.

SLIAG
100% Federally Funded
Budget $900,000

The State Legalization Immigration Assistance Grant reimburses state and local units of government for costs incurred in providing public health, education and other assistance to eligible legalized aliens.

NON XIX MED AFDC/GA
50%/100% State Funded
Budget $159,100

Medical examinations for use in the determination of disability as a factor of eligibility for AFDC and General Assistance are paid for from this fund.

SAFE WATER
100% State Funded
Budget $99,600

The Safe Water program provides assistance to low income people needing to replace their present water and sewer facilities. Local Governments and non-profit organizations submit proposals for allocation of funds.

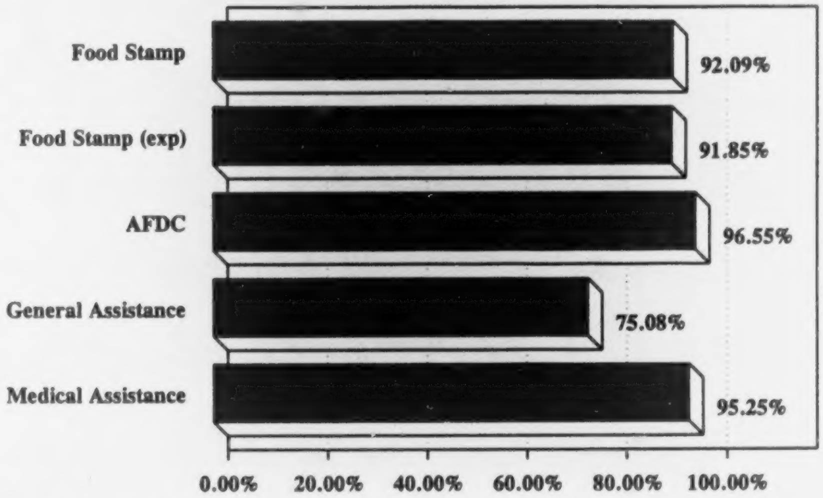
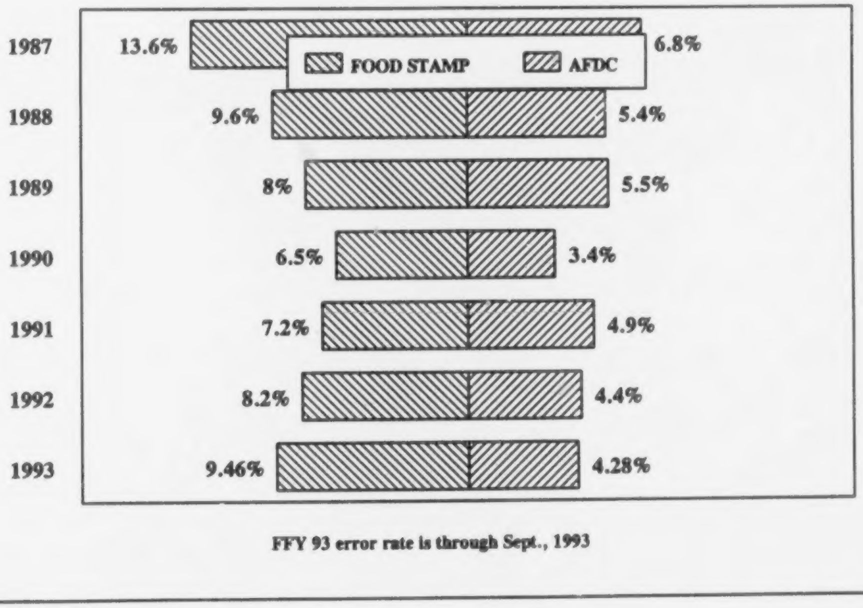
DISPOSITION TIMELINESS
BY PROGRAM DECEMBER, 1993

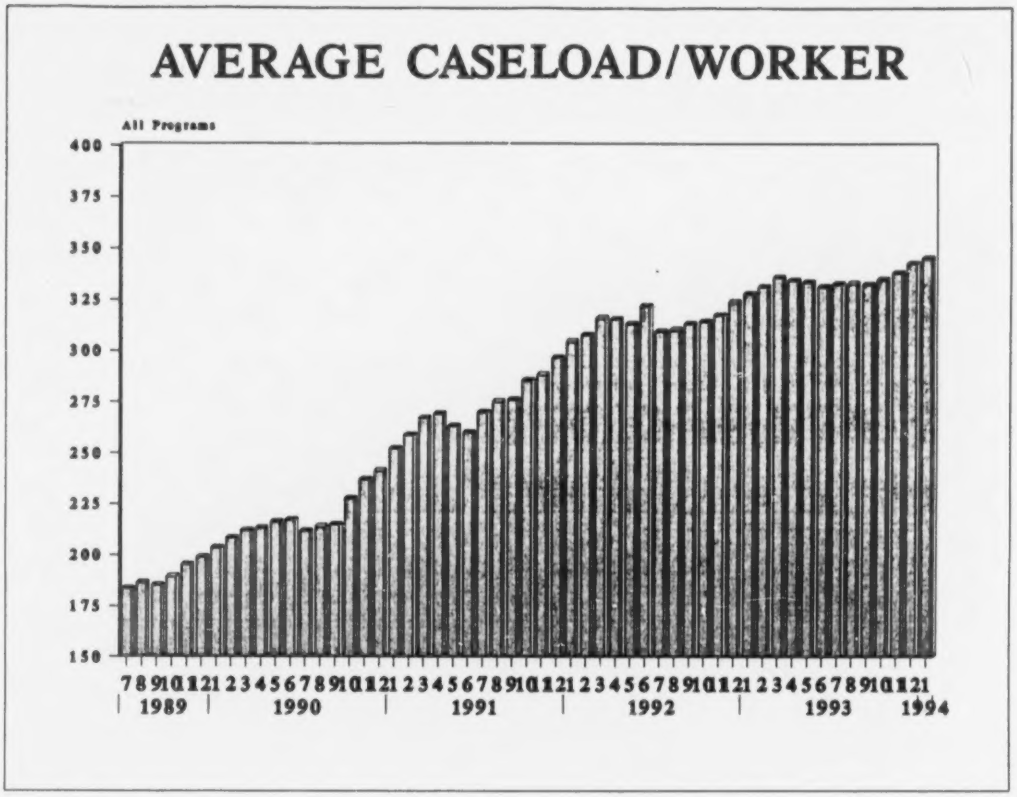


Note: The timeliness rate is understated for expedited Food Stamps.

PAYMENT ERROR RATES
by Federal Fiscal Year



FFY 93 error rate is through Sept., 1993



On average, Income Support Specialists are responsible for more than 340 cases each. Their caseload has continued to increase steadily over the last four years. This scenario is illustrated in the chart above.

Additional Income Support Specialists were authorized for the 79th, 80th, and 81st Fiscal Years. However, these extra case workers have not kept up with the rapid caseload growth.

Some of the reasons for the considerable growth in the workload include expanded eligibility in the Medicaid program for improved prenatal care, as well as growth in the Food Stamp, AFDC, and General Assistance programs.

Income Support Division case workers are responsible for the processing of applications for assistance, some of which are approved and become active cases. Income Support Specialists also verify existing cases and close the cases of those who have become ineligible or have left public assistance.

FAIR HEARINGS
DECISIONS RENDERED IN FAVOR OF:

The Hearings Bureau reported 92 fair hearings involving cases administered by the Income Support Division from October through December, 1993. The information presented on this page shows the number of hearings decided in favor of the client, the programs involved, the types of action involved, and the general policy areas which are relevant. Some hearings involved more than one program and more than one type of action. For example, one case involved a client whose GA case for temporary disability was terminated because the client failed to keep a doctor's appointment and whose injury had healed.

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

MONTHLY STATISTICAL REPORT

Prepared by the
New Mexico Human Services Department
Income Support Division

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

INTRODUCTION

By Jeffrey J. Repichowski, Senior Fiscal Economist

Following seasonal trends, the number of AFDC and food stamp cases dropped in the month of April, 1994. AFDC declined by 27 cases, a less than .1 percent decrease, while the number of food stamp cases went down by 1,535, a 1.7 percent decrease. However, the number of General Assistance cases continued to climb during April of 1994 to its all time high of 1,647, a 19.3 percent increase over April, 1994.

Effective July 1, 1994, New Mexico's AFDC payment and need standards will increase from 36.0 percent of the 1993 federal poverty guidelines to 37.11 percent of the 1994 federal poverty guidelines. As a result, the maximum AFDC payment for a three-person family will increase from $357 to $381 per month.

Historical data on New Mexico's AFDC standard of need since 1980 are presented elsewhere in this report. Data included are the AFDC monthly payment for a family of three, the annual federal poverty guidelines at 100 percent for a three-person family, and the percent of poverty which New Mexico set its AFDC payment and need standards. It should also be noted that the table located on the inside back cover now reflects the 1994 levels, except for the food stamp amounts which will change on October 1, 1994.

Program data are also available in this issue from the Commodities Section of the Community Assistance and Commodities Bureau. The data reported are the dollar value of commodities shipped, the total pounds shipped, the average number of daily participants, and the number of organizations served. Totals are for Federal Fiscal Year 1993 (October 1, 1992 through September 30, 1993) and year-to-date for Federal Fiscal Year 1994 (October 1, 1993 to March 31, 1994). These data will continue to be published quarterly in the Monthly Statistical Report.

The federal match for AFDC and Medicaid in New Mexico has gone down from 74.17 percent to 73.31 percent. The effective date for this new matching rate is October 1, 1994. The rates are based upon the per capita income in each state.

The AFDC Information and Measurement Branch, Division of Program Evaluation, Office of Family Assistance of the United States Department of Health and Human Services recently released historical AFDC data on all 50 states and the District of Columbia for the Federal Fiscal Years 1984 through 1993. The AFDC Data presented elsewhere include the average monthly number of cases, average monthly number of recipients, total maintenance assistance payments, average monthly payment per case, total state and local administrative expenses, and state and local administrative expenses per case.

Medicaid eligible data are now available for the months of December, 1993 through April, 1994. The department's fiscal agent continues to work on providing the data for October and November, 1993. Future editions of the Monthly Statistical Report will publish these data.

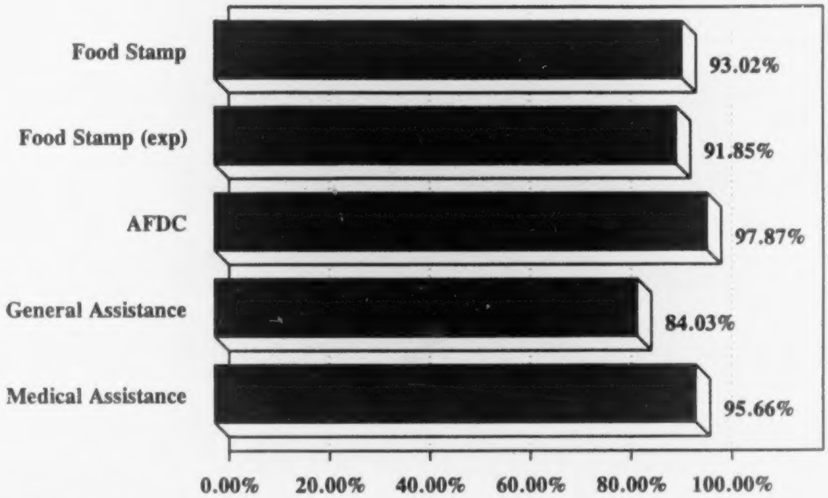
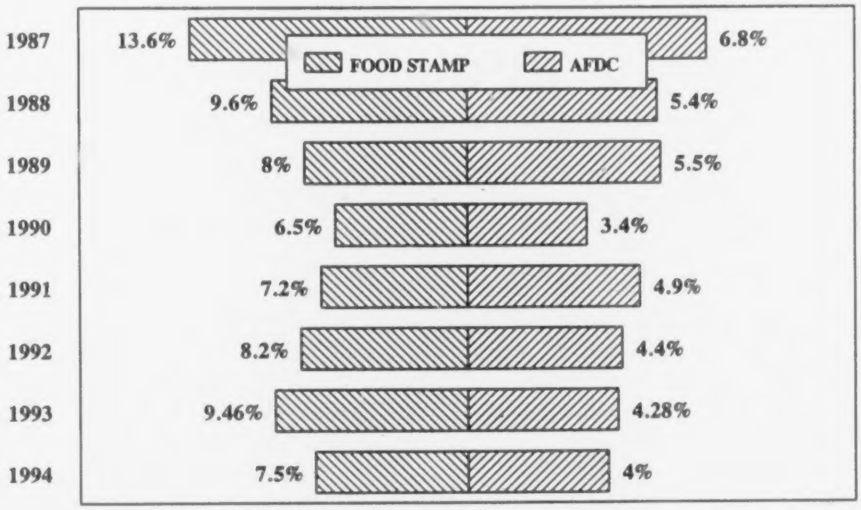
DISPOSITION TIMELINESS
BY PROGRAM APRIL, 1994

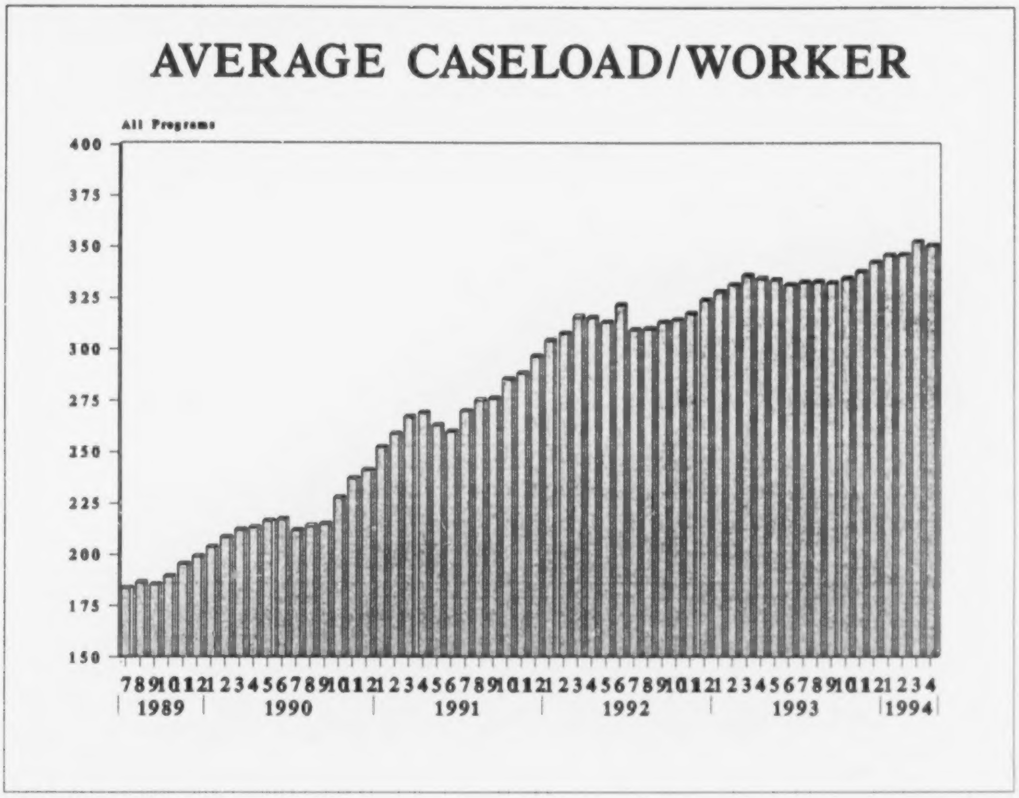


Note: The timeliness rate is understated for expedited Food Stamps.

PAYMENT ERROR RATES
by Federal Fiscal Year



FFY 94 error rate is through Jan., 1994



On average, Income Support Specialists are responsible for more than 340 cases each. Their caseload has continued to increase steadily over the last four years. This scenario is illustrated in the chart above.

Additional Income Support Specialists were authorized for the 79th, 80th, and 81st Fiscal Years. However, these extra case workers have not kept up with the rapid caseload growth.

Some of the reasons for the considerable growth in the workload include expanded eligibility in the Medicaid program for improved prenatal care, as well as growth in the Food Stamp, AFDC, and General Assistance programs.

Income Support Division case workers are responsible for the processing of applications for assistance, some of which are approved and become active cases. Income Support Specialists also verify existing cases and close the cases of those who have become ineligible or have left public assistance.

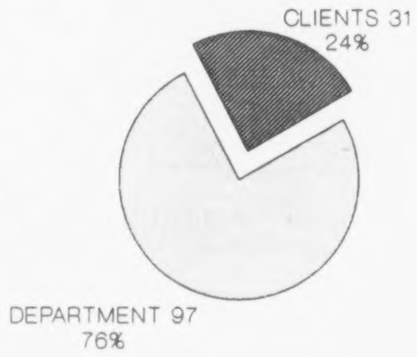
FAIR HEARINGS
DECISIONS RENDERED IN FAVOR OF:



The Hearings Bureau reported 128 fair hearings involving cases administered by the Human Services Department from January through March, 1994. The programs are administered by the Income Support, Medical Assistance, and Child Support Enforcement Divisions. The data presented above show the number of decisions rendered, the programs involved, the types of action taken, and the general policy areas which were relevant. Some hearings involved more than one program and more than one type of action. For example, one client who did not report earned income had the AFDC case closed and a reduction in the food stamp allotment.

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

MONTHLY STATISTICAL REPORT

Prepared by the
New Mexico Human Services Department
Income Support Division

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

MISSION

The New Mexico Human Services Department provides social, financial and health services while promoting self-sufficiency.

VISION

To be recognized as a caring, committed team of professionals responding to the root causes of poverty. We envision a society in which most HSD services are no longer needed.

INTRODUCTION

By Jeffrey J. Repichowski, Senior Fiscal Economist

During July of 1994, the number of food stamp cases dropped by an additional 1,035 cases. In fact, food stamp cases have declined by a total of 4,168 cases since March, 1994. The annual growth rate for the food stamp caseload since July of 1993 was only .3 percent. Caseloads in the food stamp program have appeared to be following the seasonal pattern of increasing during fall and winter months, then declining during the spring and summer months. (It should be noted that the inside of the back cover of this report now reflects the maximum food stamp allotments for persons receiving the maximum amount of AFDC benefits from October 1, 1994 through September 31, 1995.)

On the other hand, the number of cases in both the AFDC and General Assistance programs increased during the month of July, 1994. The caseloads in both programs have reached their highest levels ever. Higher caseloads have been indicative of the large number of families and individuals who still live in poverty in the State of New Mexico.

On an annual basis, the Census Bureau releases data on the number of persons in poverty and the poverty rate for each state. A table elsewhere in this edition of the Monthly Statistical Report contains data on the number of persons in poverty and the poverty rate for New Mexico from 1980 to 1992.

An issue closely associated with poverty is the wage rate in New Mexico. This report also provides historical data on both the federal and New Mexico minimum wage rates. Included are the effective dates for each change in the minimum wage rates at the federal and state levels.

New Mexico has seen a dramatic increase in the percent of live births to single women since 1980. The percent of live births to single women has increased from 19.8 percent in 1980 to 1994's provisional data of 41.6 percent. It should be noted that the percent of live births to teenage women in New Mexico is 17.8 percent thus far in 1994. These data from the Bureau of Vital Records and Health Statistics at the Public Health Division of the New Mexico Department of Health are illustrated in a chart.

The AFDC Information and Measurement Branch of the Division of Program Evaluation at the Office of Family Assistance in the Administration for Children and Families of the United States Department of Health and Human Services released AFDC data during June, 1994 in a report entitled, Overview of the AFDC Program, Fiscal Year 1993. The data are for the Federal Fiscal Year 1993 - October 1, 1992 through September 30, 1993. United States data presented elsewhere include FFY 1993 AFDC applications, discontinuances, caseloads, assistance payments, administrative costs, need and payment standards, and client demographic information.

A summary of the legislative history of the AFDC Program was also prepared by the Administration for Children and Families. This information is presented in order to clarify policy questions concerning the AFDC program. A history of the AFDC standard of need for the State of New Mexico from July 1, 1969 to the present is also included elsewhere in this report.

NEW MEXICO HUMAN SERVICES DEPARTMENT
INCOME SUPPORT DIVISION
OPERATING BUDGET WITH FUNDING SOURCES
FY 1995

FOOD STAMPS

100% Federally Funded
Budget $210,364,400

The Food Stamp Program provides increased purchasing power to eligible low income households for food items in order to promote more adequate levels of nutrition.

COMMODITIES

30% Federally Funded
Budget $1,457,000

The Commodities Program distributes USDA food to a number of organizations throughout the state. These include the school breakfast and lunch programs, charitable institutions, summer food program, summer camps, nutrition programs for the elderly, soup kitchens, child and adult care programs, food banks, and The Emergency Food Assistance Program (TEFAP) which provides food directly to low income citizens across the state.

AFDC

73% Federally Funded
Budget $154,999,200

Aid to Families with Dependent Children provides financial assistance to children who are deprived of support or care of one or both parents due to death, absence, disability, or unemployment.

GENERAL ASSISTANCE

100% State Funded
Budget $4,727,500

General Assistance provides financial assistance to temporarily and permanently disabled adults, as well as to children eligible for AFDC who are not living with a close relative.

CSBG

100% Federally Funded
Budget $3,422,900

The Community Services Block Grant Program allocates funds to community action agencies to eliminate barriers to economic self-sufficiency. Services provided include meals,adequate housing, and assistance with employment.

PROJECT FORWARD

66% Federally Funded
Budget $10,081,500

AFDC and food stamp recipients participate in Project Forward to improve their education, vocational skills, work experience, and job search abilities. Clients are reimbursed for child care, travel, and educational expenses.

LIHEAP

100% Federally Funded
Budget $6,300,000

The Low Income Home Energy Assistance Program provides financial assistance to eligible low income households in order to meet home heating costs incurred during the winter months.

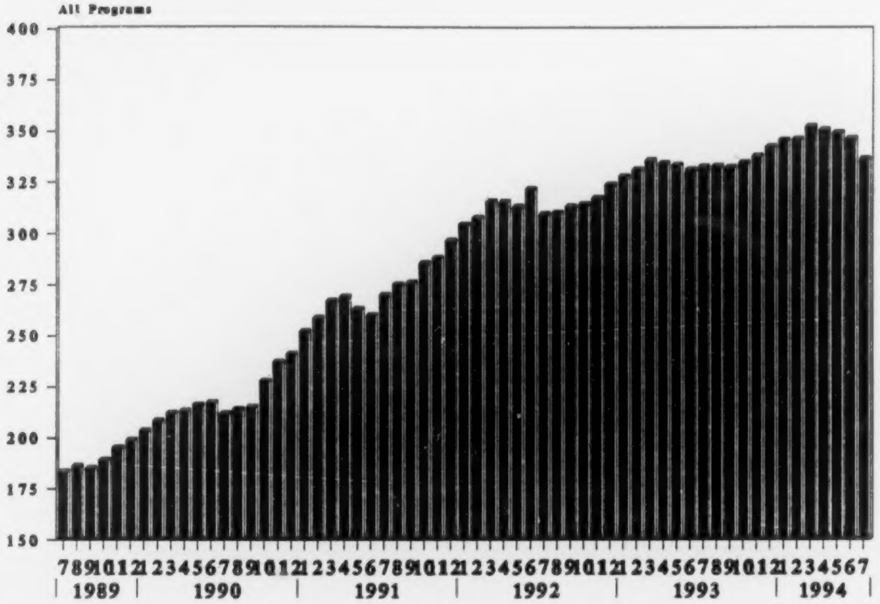
AVERAGE CASELOAD/WORKER



Income Support Specialists (case workers) are responsible for an average of 340 cases each. Their caseload has continued to increase steadily over the last five years. The intensity of this scenario is illustrated in the chart above.

Additional Income Support Specialists were authorized for the 91st, 92nd, and 93rd Fiscal Years. However, these extra case workers have not kept up with the rapid caseload growth. Additional Income Support Specialists were authorized for the 95th Fiscal Year to cover caseloads associated with Medicaid coverage of children under age 18 with incomes up to 185 percent of poverty.

Some of the reasons for the considerable growth in the workload include expanded eligibility in the Medicaid program for improved prenatal care, as well as growth in the Food Stamp, AFDC, and General Assistance programs.

Income Support Division case workers are responsible for the processing of applications for assistance, some of which are approved and become active cases. Income Support Specialists also verify existing cases and close the cases of those who have become ineligible or have left public assistance.

FAIR HEARINGS
DECISIONS RENDERED IN FAVOR OF:

The Hearings Bureau reported 118 fair hearings involving cases administered by the Human Services Department from April through June, 1994. The programs are administered by the Income Support, Medical Assistance, and Child Support Enforcement Divisions. The data presented above show the number of decisions rendered, the programs involved, the types of action taken, and the general policy areas which were relevant. Some hearings involved more than one program and more than one type of action. For example, one client's AFDC case was closed because the client refused to provide required information and walked out of a recertification interview before the process was complete.

SUMMARY OF LEGISLATIVE HISTORY
of the
AID TO FAMILIES WITH DEPENDENT CHILDREN PROGRAM

Aid to [families with] dependent children is a Federal-State program established under Title IV of the Social Security Act (enacted August 14, 1935). The Act authorized annual appropriations from general revenues for the Federal share of program costs. The statutory requirements for approval of a State plan were: provisions that are effective in and mandatory for all political subdivisions of the State; single-agency administration or supervision of local administration by a single agency; opportunity for a fair hearing for those whose claims are denied; regular reporting to the Social Security Board; and no residence requirement for any child residing in the State for one year before application for assistance or born in the State within one year of application if the mother resided in the State for one year before application.

Federal payments to the States on a quarterly basis were provided for under the Act effective February 1, 1936. The amount of the payment to each State was established as equal to one-third of the approved State plan's expenditures, excluding monthly amounts exceeding $18 per child or, for families with more than one child, exceeding $18 for the first child and exceeding $12 for each additional child.

"Dependent child" was defined as a child under age 16 who is deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of a parent, and who is living with a father, mother, grandparent, brother, sister, step-parent, step-sister or step-brother, uncle, or aunt in a residence maintained by such relative as his or her home. "Aid to dependent children" was defined as "money payments to a dependent child(ren)."

Change of name of title IV of the Act from "aid to dependent children" to "aid and services to needy families with children" was effective July 25, 1962. Part A under title IV became "aid to families with dependent children" at that time.

HISTORY OF AMENDMENTS

Year Enacted	Effective Date	Type of Provision
		FEDERAL MATCHING FORMULA
1939	1/1/40	• Change in Federal share of expenditures within specified maximums. Federal payment: one-half of $18 per month for the first child and one-half of $12 per month for each additional child.
1946	10/1/46	• Change in Federal matching maximum and in Federal share of expenditures within specified maximums. Introduction of the average expenditure per child up to an individual maximum. Federal payment: two-thirds of the first $9 (average payment per child) multiplied by the total number of children receiving ADC plus one-half of the remaining amount up to a total of $24 per month for the first child and $15 per month for each additional child.
1948	10/1/48	• Change in Federal matching maximum. Federal share of expenditures within specified maximums, and average expenditure per recipient. Federal payment: three-fourths of the product of the first $12 (average payment per child) multiplied by the total number of children receiving ADC plus one-half of the remaining amount up to a total of $27 per month for the first child and $18 for each additional child.
1950	4/19/50	• Special matching formula available to States that extended ADC to Navajo and Hopi Indians. The Federal Government pays 80 percent of the State's share of ADC payments made to such groups in addition to the Federal share under the basic formula.
	10/1/50	• One needy relative may be included with the dependent child as a recipient for Federal matching purposes. Federal payment for the 50 States and the District of Columbia: three-fourths of the product of the first $12 (average payment per recipient) multiplied by the total number of recipients receiving ADC plus one-half of the remaining amount up to a total of $27 per month for the first child, $27 per month for one needy relative, and $18 per month for each additional child.
	10/1/50	• ADC extended to Puerto Rico and the Virgin Islands, but assistance limited by maximum on the annual Federal payment established by the Federal Government. Federal payment: one-half of $18 per month for the first child and one-half of $12 per month for each additional child.
	10/1/50	• Payments made to suppliers of medical or remedial care on behalf of ADC recipients (medical vendor payments) may be matched by Federal funds up to the individual monthly payment maximum.
1952	10/1/52	• Change in Federal matching maximum, Federal share of expenditures within specified maximums, and average expenditure per recipient. Federal payment: four-fifths of the first $15 (average per person) multiplied by the

		total number of persons receiving ADC plus one-half of the remaining amount up to a total of $30 per month for one needy relative with whom the dependent child is living, and $21 per month for each additional child.
1956	7/1/56	• State may implement an optional Federal matching formula for its medical vendor payments program ($6-$3 formula). (Permits Federal sharing in State's total expenditures for medical vendor payments - identified separately from "money payments" - up to one-half the sum of $6 multiplied by the number of adult recipients and one-half the sum of $3 multiplied by the number of child recipients.) REPEALED 9/30/58.
	10/1/56	• Change in Federal matching maximum, Federal matching percentage, and average expenditure per recipient. Federal payment: fourteen-seventeenths of the first $17 (average per person) multiplied by the total number of persons plus one-half of the remaining amount up to $32 for the first child, $32 for one needy adult, and $23 for each additional child.
1958	10/1/58	• Introduction of the variable Federal matching percentage. Federal matching percentage is applied to States (other than Guam, Puerto Rico, and the Virgin Islands) as a variable percentage depending on the ratio of the State's per capita income of the national per capita income. Federal payment: fourteenth-seventeenths of the first $17 per month (average per recipient) multiplied by the total number of ADC recipients plus the variable Federal matching percentage of the amount by which expenditures exceed this maximum ($17) up to a total of $30 multiplied by the total number of recipients. The Federal matching percentage may in no case be less than 50 percent or more than 65 percent. The Federal matching percentage is 50 percent for Alaska and Hawaii.
	10/1/58	• ADC extended to Guam, but assistance is restricted by a maximum on the annual payment established by the Federal Government.
1965	1/1/66	• For the 50 States and the District of Columbia, change in the percentage of Federal payments. Change in the average payment per recipient. Federal payment: five-sixths of the first $18 per month (average per recipient) multiplied by the total number of AFDC recipients plus the Federal percentage of the amount by which expenditures exceed this maximum ($18) up to a total of $32 multiplied by the total number of recipients. (Beginning in 1962, the count of recipients could include a second needy adult under specified circumstances.)
	1/1/66	• Alternate formula established. Available to a State operating an approved plan for medical assistance under title XIX of the Social Security Act. The Federal medical assistance percentage for that program is applied to total expenditures for medical vendor payments, and the State may elect to apply it also (instead of the "regular formula" identified above as effective January 1, 1966) to total expenditures for money-payment assistance. (Effective January 1, 1966, or the date thereafter within any fiscal year when the State operating a medical assistance program makes the election of the alternate formula for Federal financial participation in total expenditures for assistance.)
1967*	1/2/68	• Separate formula established for Federal financial participation in foster home care for dependent children. Federal payment: five-sixths of the first $18 per month (average per recipient) multiplied by the number of foster care recipients plus the Federal percentage of the amount by which expenditures exceed this maximum ($18) up to a total of $100 multiplied by the number of foster care recipients. (Federal payments for foster home care previously were governed by the basic formula.)
1971	7/1/72	• Federal financial participation in expenditures for the work incentive program (WIN) is increased from 80 percent to 90 percent of total expenditures.
	7/1/72	• Federal financial participation in supportive services under the WIN program is increased from 75 percent to 90 percent of such expenditures.
1977	1/1/78	• A special financial incentive was established for States if the dollar error rate of aid furnished by a State under its State plan was less than four percent.
1979	9/30/78	• The Federal medical assistance percentage for Puerto Rico, the Virgin Islands, and Guam is 75 percent. (Effective for quarters after 9/30/78.)
1987	4/1/88	• The State may operate a fraud control program and receive 75 percent funding to carry out activities related to program abuse, including prosecution. States may impose sanctions on individuals who intentionally violate AFDC program requirements as determined in either an administrative disqualification hearing or in a Federal/State court.
1988	10/1/88	• American Samoa is given the option to establish an AFDC program, but Federal financial participation is limited by a maximum annual payment established by the Federal Government.
	7/1/89	• Separate formula established for Federal financial participation in the JOB Opportunities and Basic Skills (JOBS) Training program. From the State's total annual limit of entitlement, a 90 percent match is available for expenditures up to an amount equal to the State's WIN or WIN DEMO allotment for fiscal year 1987. For the balance of the State agency's limit of entitlement, Federal financial participation is available at the higher of the State's Medicaid matching rate or 60 percent for program costs and for personnel costs for staff working full-time in the operation of the JOBS program. A 50 percent matching rate was authorized for administrative costs and for the costs of transportation and other work-related supportive services.
	7/1/89	• An Indian tribe or Alaska Native organization that receives the Secretary's approval to conduct a JOBS program will receive a direct payment for operation of its program, without the requirement for the non-Federal share. The amount of the direct payment will be deducted from the amount of the State's JOBS allotment and will be proportional to the tribe's or organization's proportion of the State's adult AFDC recipient population.
1993	–	• (Effective 4/1/94, 7/1/94, or 10/1/95, depending upon meeting date of State legislature.) Enhanced rates for expenditures associated with administering a Systematic Alien Verification of Entitlement (SAVE) system, expen-

		ditures related to an approved Family Assistance Management Information system, and those associated with the optional AFDC Fraud Control Program were revised with a uniform 50 percent FFP rate.
		ELIGIBILITY (GENERAL)
		MANDATORY PROVISIONS
1950	7/1/52	• If a State includes a durational residence requirement as a condition of eligibility, it may not exclude from assistance: (1) any needy child living in such State for one year immediately preceding the application for aid; or (2) any needy child under age 1 who was born in the State or whose parent or relative (with whom the child is living) has resided in the State for one year preceding the child's birth.
1985	7/1/86	• The State plan is to provide that, as a condition of eligibility for aid, each applicant or recipient must cooperate with the State in identifying and providing information to assist States in pursuing any third party who may be liable to pay for care and services available under title XIX, unless such individual has good cause for refusing to cooperate as determined by the State agency is accordance with standards prescribed by the Secretary of HHS.
1988	7/1/89	• Child care must be guaranteed by the State title IV-A agency to the extent that such child care is necessary to permit an AFDC eligible family to accept employment, remain employed, or participate in an education or training activity including participation in the Job Opportunities and Basic Skills (JOBS) Training program [see JOBS]. States may use any of the following methods for guaranteeing the availability of child care: (1) providing care directly; (2) arranging the care through providers by use of purchase of service contracts or vouchers; (3) providing cash or vouchers in advance to the caretaker relative in the family; (4) reimbursing the caretaker relative in the family; and (5) adopting such other arrangements as the agency deems appropriate. This provision was effective upon a State's implementation of JOBS, but no later than October 1, 1990.
	7/1/89	• Supportive services including transportation and other work-related expenses that the IV-A agency deems necessary to enable an individual to participate in the JOBS program must be provided by the State either by payment or reimbursement for such services. This provision was effective upon a State's implementation of JOBS, but no later than October 1, 1990.
	4/1/90	• Transitional child care must be guaranteed by the title IV-A agency to the extent that such care is determined necessary for an individual's employment in any case where a family's receipt of AFDC payments has ceased as a result of increased hours of, or increased income from, employment or the loss of income disregards. A family will be eligible for child care for up to 12 months after the last month for which the family received AFDC. A family will not be eligible for child care unless it received AFDC in at least three months in the six months immediately preceding the month in which it becomes eligible for aid.
		OPTIONAL PROVISIONS
1939	1/1/40	• Eligibility may be extended to include needy children aged 16 or 17 if they are regularly attending school.
1950	10/1/50	• One needy relative with whom the dependent child is living may be included as a recipient for Federal matching purposes.
1956	8/1/56	• List of relatives with whom the needy child may live and receive aid expanded to include first cousin, nephew, or niece.
	7/1/57	• Federal funds may not be withheld if a State chooses to include as eligible needy children aged 16 or 17 who are not attending school.
1962	10/1/62	• Second adult may be included as a recipient for Federal matching purposes if s/he is either the spouse of an incapacitated parent of at least one of the children or the spouse of an unemployed parent in a State that includes a child deprived of support because of the unemployment of a parent.
1964	10/13/64	• Dependent children aged 18-20 may be considered recipients for Federal matching purposes if they attend high school or a course of vocational or technical training designed to prepare them for gainful employment.
1965	7/30/65	• Dependent children aged 18-20 may be considered recipients for Federal matching purposes if they attend school, college, or university, or a course of vocational or technical training.
	1/2/68	• Emergency Assistance. Aid may be provided for up to 30 days in a 12-month period to prevent destitution of children under age 21 and their families. Such aid cannot be extended to a family in need as the result of refusal (without good cause) to accept work or training for employment. Aid may be extended throughout the State or in specified areas to migrant workers with dependent children.
1980	12/28/80	• Otherwise dependent children aged 18-20 attending a college or university may be excluded from the definition of a child.
1981	10/1/81	• For AFDC eligibility purposes, a child must be under age 18 or, at State option, under age 19 and a full-time student who is expected to complete his/her secondary education or equivalent technical training before attaining age 19.
	10/1/81	• The State may pay benefits to pregnant women who have no other eligible children only when it has been medically verified that the child is expected to be born within the three-month period following the month of initial payment. States may provide Medicaid coverage from the date of medical verification of pregnancy to pregnant women who, except for this limitation, would be entitled to AFDC benefits.

1982	10/1/82	• Definition of dependent child amended to provide that a parent whose absence is occasioned solely by reason of the performance of active duty in a uniformed service of the United States is not considered absent from the home.
1990	10/1/90	• The State may specify which categories of recipients are required to report monthly on income and other circumstances. States have the option of using retrospective budgeting for recipients required to report monthly.
	11/5/90	• Eliminated the term, "legal guardian". This change recognizes the fact that legal guardianship is not relevant to eligibility determinations or the deeming of income under the AFDC program.
1993	1/1/95	• States are no longer prohibited from distributing voter information to AFDC applicants and recipients. State IV-A staff are allowed to conduct voter registration activities.
1994	11/15/93	• Federal policy and regulations were revised to restore the authority of States to determine the categories of individuals who may be considered essential persons.
		UNEMPLOYED PARENT PROGRAM
		MANDATORY PROVISIONS
1988	10/1/90	• "Unemployed parent" program amended to require implementation of an AFDC-Unemployed Parents (AFDC-UP) program by all States. States beginning the AFDC-UP program may elect a time-limited program that provides at least six months of AFDC payments and provides Medicaid coverage when cash assistance is not available.
		OPTIONAL PROVISIONS
1961	5/1/61	• "Unemployed parent" program. Child may be eligible if deprived of support and care by reason of the unemployment of a parent.
1967*	1/2/68	• "Unemployed parent" program amended to "unemployed father" program. For States with such programs, Federal matching is available only for families in need as the result of the unemployment of the father of at least one of the children. The State is required to comply with the Federal definition of the word "unemployed." The needy child's father also must comply with Federal requirements. He (1) must not have been employed for at least 30 days before receiving aid, (2) must not have refused an offer of employment or training without good cause, (3) must be registered with the State public employment office, (4) must not be receiving unemployment compensation, and (5) must have worked at least six of the last thirteen calendar quarters.
1976	11/1/76	• The definition of "dependent child" with respect to the "unemployed father" provisions of the Act is applicable if the approved State plan provides for denial of AFDC to a child or relative as specified in the law: (1) if and for so long as such child's father, unless exempt under law, is not registered for WIN pursuant to such section of the law or - if he is exempt under such section or if no such program in which he can effectively participate has been established or provided - is not registered with public employment offices in the State; and (2) with respect to any week for which such child's father qualifies for unemployment compensation under a Federal or State unemployment compensation law but refuses to apply for or accept such unemployment compensation. The State plan must also provide for the reduction of the amount otherwise payable under AFDC by the amount of any unemployment compensation that such child's father receives under a Federal or State unemployment compensation law.
1979	6/25/79	• "Unemployed father" program amended to "unemployed parent" program. The Supreme Court ruled that it is unconstitutional for States with such programs to make AFDC benefits available to families with an unemployed father but not to families with an unemployed mother.
1981	10/1/81	• Payments to families on the basis of unemployment of a parent shall be made only when the parent who is the principal earner is unemployed. The "principal earner" is defined as the parent who had the greater amount of earnings during the 24 months preceding the month of application.
1988	10/1/93	• "Unemployed parent" program amended to provide that at least one parent in a family must participate for a minimum of 16 hours a week in a work program specified by the State. If a parent is under age 25 and has not completed high school, the State may require the parent to participate in educational activities directed at attaining a high school diploma or in another basic education program. The second parent may be required to participate at State option unless s/he meets another exemption criteria.
		INCOME AND RESOURCES CONSIDERED AND DISREGARDED
		MANDATORY PROVISIONS
1939	7/1/41	• The State must take into consideration any other income and resources of any child claiming ADC.
1950	10/1/50	• No aid will be furnished under ADC to any individual who is in concurrent receipt of ADC and Old-Age Assistance under the Social Security Act.
1962	7/1/63	• The State must, in determining need, take into consideration any other income and resources of any child or relative claiming AFDC, as well as any expenses reasonably attributable to the earning of such income.
1967*	7/1/69	• The State must disregard all earnings of a child receiving AFDC if s/he is (1) a full-time student or a part-time student who is not employed full-time, and (2) attending a school, college, or university, or a course of vocational or technical training designed to prepare him/her for gainful employment. The State also must disregard the first

		$30 and one-third of the remainder of the total of monthly income earned by all other individuals living in the same household whose needs are taken into account in determining need for AFDC. (Optional from 1/1/68 through 6/30/69.)
1972	7/1/73	• A recipient of SSI payments must not be regarded as a member of an AFDC family for purposes of determining the amount of the family's benefits nor have his/her income and resources counted as income and resources of the family.
1975	7/1/75	• The State plan must require that, in determining need, the State agency must, for the 15 months beginning July 1, 1975, disregard amounts payable under the child support provisions of the Social Security Act.
1981	10/1/81	• The State agency shall disregard from the earned income of any individual receiving assistance in any month the following amounts in the following order: the first $75 (or less for other than full-time employment throughout a month); child or attendant care costs of up to $160 per month for full-time care for each individual requiring care; and $30 and one-third of any remainder. If an individual's income exceeds his/her needs without application of the "$30 and one-third" disregard, it may not be applied unless s/he received assistance in one of the preceding four months. Once the disregard has been applied for four months, it may not be applied again until an individual has received no assistance for twelve consecutive months.
	10/1/81	• A family shall not be eligible for aid under a State plan for any month in which the combined gross income of all members of the assistance unit exceeds 150 percent of the State standard of need.
	10/1/81	• The State agency shall, in determining need, consider any other income and resources of an individual claiming assistance and shall determine ineligible for aid any family whose members' combined resources exceed $1,000 in equity value or a lesser amount established by the State. The home in which the family resides and one automobile are disregarded to the extent that an individual's ownership interest in the automobile does not exceed an amount specified by the Secretary of HHS.
	10/1/81	• An individual's earned income in any month shall include, to the extent and under circumstances prescribed by the Secretary of HHS, an amount equal to the earned income advance amount that is or would be payable under section 3507(a) of the Internal Revenue Code of 1954.
	10/1/81	• Countable nonrecurring income in excess of the State standard of need received by any member of an assistance unit in a month shall be combined with all other countable income received by the family during that month, and the assistance unit shall be ineligible for the number of months (including the month of receipt) resulting from a division of this sum by the State standard of need.
	10/1/81	• Income of a step-parent living in the same home with a dependent child shall be considered the income of said child to the extent that it exceeds: (1) the first $75 of earned income, and (2) the State standard of need for the step-parent and any of his/her dependents living in the same household, and (3) any payments, including alimony and child support, made to dependents living elsewhere.
	10/1/81	• Within certain limits, income and resources of the sponsor (and the sponsor's spouse) of an alien shall, for a period of three years after the alien's date of entry into this country, be deemed to be the income and resources of the alien.
1982	10/1/82	• The State shall round both its need standard and monthly payment amount to the next lower whole dollar.
	10/1/82	• The State may not provide assistance for any period prior to the date of application.
1984	10/1/84	• Gross income limit raised to 185 percent of the State need standard.
	10/1/84	• Applications on behalf of a dependent child must include the siblings and the natural or adoptive parents living in the same household as the dependent child. Any income and resources of these relatives is counted to determine eligibility and the amount of the payment.
	10/1/84	• When living together, income of the parent(s) or legal guardian(s) of a minor parent (or legal guardian) is considered available to the minor and the dependent child (subject to step-parent disregards).
	10/1/84	• Aliens sponsored by an agency or organization are ineligible for assistance for three years from date of entry into the United States, unless the sponsoring agency is no longer in existence or has become unable to meet the alien's needs.
	10/1/84	• States must disregard the first $50 per month of the current monthly child support obligation whether collected on the family's behalf or received directly by the family.
	10/1/84	• After expiration of the $30 and one-third earned income disregard, States must disregard the first $30 or earned income for an additional eight months (for a total of twelve months), extend the $75 standard work expense disregard to part-time workers, and count the earned income credit (EIC) only when actually worked.
	10/1/84	• States must exempt from countable resources burial plots and funeral agreements for members of the assistance unit. Also, for a limited time, States must exempt real property the family is making a "good faith" effort to sell, but only if the family agrees to repay benefits.
1986	10/1/84	• A recipient of Federal foster-care-maintenance payments must not be regarded as a member of an AFDC assistance unit for purposes of determining eligibility and payment amount. His/her income and resources are not counted as income and resources of the unit. (Expanded to include State or local foster-care-maintenance payments effective 5/1/91.)
1987	4/1/88	• A child whose costs, in a foster family home or child-care institution, are covered by foster-care-maintenance payments being made to his or her minor parent must not be regarded as a member of the AFDC assistance unit

		for the purposes of determining eligibility and payment amount. His/her income and resources are not counted as income and resources of the unit.
1988	10/1/89	• Work expense disregard raised to $90.
	10/1/89	• Dependent care disregard for individuals employed full-time throughout the month raised to actual expenses up to $175 per month for each incapacitated adult or each dependent child who is at least age 2 and up to $200 per month for each dependent child under age 2. (At State option, a lesser amount may be established for individuals employed part-time.)
	10/1/89	• Order of earned income disregards changed so that the dependent care disregard is applied last.
	10/1/89	• States must disregard earned income tax credit payments as income in the determination of need and the amount of assistance.
1990	1/1/91	• States must exclude EITC payments from consideration as income when determining eligibility under the 185 percent gross income limitation. States also must exclude EITC payments from consideration as resources in the month received and in the following month.
	5/1/91	• States must exclude from the assistance unit, and disregard the income and resources of, any children receiving Federal, State, or local foster care maintenance or adoption assistance payments.
1993	10/1/93	• The disregard applied to the earned income of step-parents was raised to $90.
		OPTIONAL PROVISIONS
1962	7/1/63	• State may permit all or any portion of earned or other income of a family to be set aside for the "future identifiable needs" of a dependent child. (Rescinded effective 10/1/81.)
1965	7/1/65	• State may disregard up to $50 per month of the earned income of a needy child under age 18 but may not disregard more than $150 of earned income in the same AFDC home. (Superseded by mandatory disregard effective 7/1/69.)
	10/1/65	• In connection with the "pass along," State may disregard not more than $5 of any income. (Rescinded effective 10/1/81.)
1967*	1/2/68	• State may disregard all earnings of a full-time student or a part-time student who is not a full-time employee. State may also disregard the first $30 and one-third of the remainder of monthly income earned by all other family members. (If the State implemented this amendment in 1968, the 1965 amendment on disregarding $50 of earned income was superseded.) Exemptions not mandatory for Puerto Rico, the Virgin Islands, and Guam until July 1, 1972, and then could be set at an amount lower than "$30 and one-third" as negotiated by the Secretary of HHS and the respective jurisdiction. (Optional until 7/1/69.)
	7/1/69	• Essential person. If, in determining need, the State chooses to consider the needs of any other individual living in the same household as the AFDC child or relative, then the income and resources of such individual must be considered with the income and resources of the child or relative.
1981	10/1/81	• The State may consider as income food stamp allotments and/or housing or rental subsidies that duplicate the food/housing allowance payable to a family of the same size and composition with no income.
1982	10/1/82	• For AFDC families living in households with other individuals, the State may prorate the portion of the AFDC standard for shelter and utilities.
	10/1/82	• States may disregard, for up to six months, the earned income of a dependent child if derived from participation in a program under the Job Training Partnership Act (JTPA).
1984	6/1/84	• States may disregard, for up to six months, the earned income of a dependent child who is a full-time student.
1987	10/1/87	• Permanent extension of disregard for needs-based support and maintenance assistance furnished in kind by a private nonprofit organization, or in cash or in kind by (1) a supplier of home heating oil or gas, (2) an entity whose revenues are primarily derived on a rate-of-return basis regulated by a State or Federal governmental body, of (3) a municipal utility providing home energy.
		FAIR HEARING AND EQUAL OPPORTUNITY
		MANDATORY PROVISIONS
1951	7/1/51	• The State must grant an opportunity for a fair hearing to any individual whose claim for ADC is derived or not acted upon with reasonable promptness.
	7/1/51	• All individuals wishing to apply for ADC must have the opportunity to do so.
1975	8/1/75	• State plan must provide that all individuals wishing to apply for AFDC have the opportunity to do so and that AFDC will be furnished with reasonable promptness to all eligible individuals.
1988	–	• (Effective upon implementation of JOBS program.) Program participant employment protection. In assigning a participant to any program activity in the Job Opportunities and Basic Skills (JOBS) Training program, the State must assure that each assignment takes into account the physical capacity, skills, experience, health and safety, family responsibilities, and place of residence of the participant. The State must also establish procedures for resolving displacement complaints by regular workers and disputes regarding on-the-job working conditions.

		PRIVACY AND DISCLOSURE
		MANDATORY PROVISIONS
1939	7/1/41	• The State plan must provide safeguards restricting the use or disclosure of information on ADC applicants or recipients for purposes directly connected with plan administration.
1950	7/1/52	• The State must provide prompt notice to appropriate law enforcement officials of the furnishing of aid for a child who has been deserted or abandoned by a parent.
1975	8/1/75	• The State plan must provide safeguards permitting the use or disclosure of information on AFDC applicants or recipients only to (1) public officials requiring such information in connection with official duties or (2) other persons for purposes directly connected with plan administration.
	8/1/75	• The State plan must (1) require each applicant or recipient to furnish to the State agency his/her Social Security number(s) and (2) provide that the State shall use such number(s) in addition to any other means of identification it may determine.
	8/1/75	• The State plan must provide safeguards restricting the use or disclosure of information on AFDC applicants or recipients for purposes directly connected with (1) administering the approved State plan or program; (2) any investigation, prosecution, or criminal or civil proceeding conducted in connection with the administration of the plan or program; or (3) the administration of any other Federal or Federally assisted program producing assistance, in cash, in kind, or service, directly to individuals on the basis of need. Safeguards so provided must prohibit disclosure to any committee or legislative body of any information identifying any applicant or recipient by name or address.
1977	10/1/79	• Wage information available from the Social Security Administration under section 411 of the Social Security Act and wage information available (under the provisions of the Federal Unemployment Tax Act) from agencies administering State unemployment compensation laws must be requested and used to the extent permitted under those acts, except that the State need not request such information if it is available from the agency administering the State unemployment compensation laws.
1980	9/1/80	• AFDC information will be made available to a governmental audit agency if authorized by law.
		OPTIONAL PROVISIONS
1951	10/20/51	• Federal aid cannot be withheld from a State that chooses to disclose certain limited information concerning ADC applicants or recipients.
1984	10/1/84	• A State may disclose the address of a fugitive felon to State or local law enforcement officials.
1990	11/5/90	• Authorized States to disclose information regarding AFDC applicants and recipients for purposes directly related to the Foster Care and Adoption Assistance programs under title IV-E.
	5/1/91	• The State is required to report to an appropriate agency or official any cases of known or suspected physical or mental injury, sexual abuse, or maltreatment of a child receiving AFDC that threatens the child's health or welfare.
		FOSTER CARE
		MANDATORY PROVISIONS
1967*	7/1/69	• Foster care for dependent children related to AFDC is to be available, as required by law, July 1, 1969. Such care must be provided for children in child care institutions as well as those in foster family homes.
1980	10/1/82	• (Effective 10/1/82 or earlier at State option.) States must initiate a title IV-E program of Foster Care and Adoption assistance.
		OPTIONAL PROVISIONS
1961	5/1/61	• Federal financial participation is available if a State chooses to extend ADC to a recipient child (1) who is removed from the home of a parent or relative, (2) for whom a judicial determination has been made that continuing in the home would be contrary to the welfare of such child, and (3) who is placed in a foster family home under the responsibility of the State or local agency administering ADC.
		PROTECTIVE AND VENDOR PAYMENTS
		MANDATORY PROVISIONS
1975	8/1/75	• Removal of vendor payment limitation for child support.

Year Enacted	Effective Date	Type of Provision
		OPTIONAL PROVISIONS
1958	7/1/58	• Federal financial participation available if State makes payment on behalf of a needy individual to another person judicially appointed to serve as the legal representative for the needy individual. (Applicable only to adults in ADC.) State may claim Federal funds for retroactive payments of his nature made after December 31, 1958.
1962	10/1/62	• The Federal Government will participate in State protective payments made on behalf of the child to another individual (besides the needy relative or needy relative's spouse with whom the child is living) who is interested in or concerned with the welfare of such child or relative; payments may be made only under specified conditions. The number of protective payments may not exceed five percent of the number of other AFDC recipients.
	7/1/63	• When the State agency has reason to believe that any AFDC payments are not being used in the best interest of the child, the State agency may provide for counseling and guidance with respect to the management of such payments, make payments to a legally appointed representative, or make protective payments. The Federal Government will not withhold Federal financial participation in such assistance if properly made.
1967*	1/2/68	• Federal financial participation may be claimed for protective or vendor payments made with respect to any dependent child to another individual who is interested in or concerned with the welfare of such child or needy relative, or directly to a person furnishing food, living accommodations, or other goods, services, or items to or for such child, relative, or other individual.
	1/2/68	• The limitation on the proportion of recipients for whom protective payments can be made because of their inability to manage funds may be increased from five percent to ten percent of the number of other AFDC recipients. Excluded from this limitation are recipients for whom such payments must be used because (without good cause) they refuse to work, to register for work, or to participate under a work or training program.
1976	7/1/77	• The State plan may provide for institution of procedures under which any household participating in the Food Stamp program will be entitled (1) to have the charges for its Food Stamp coupons deducted from any aid in the form of money payments payable to the household (or any of its members) and (2) to have its coupons distributed to it with such aid. Such procedures may be followed in any or all areas of the State.
1977	7/1/77	• The number of individuals for whom protective payments or payments to a person furnishing goods or services are made who can be counted as recipients for Federal financial participation in any month is limited to 20 percent of the number of other AFDC recipients in the State for that month.
	10/1/77	• Payments intended to enable the recipient to pay for specific goods, services, or items recognized in the State plan as part of the dependent child's need may be made in the form of checks drawn jointly to the order of the recipient and the person providing such goods, services, or items. Such checks are negotiable only upon endorsement by both the recipient and the provider.
1981	10/1/81	• Recipient may voluntarily request vendor payments.
	10/1/81	• The State may make restricted payments to AFDC families, regardless of the numbers and percentages previously applicable, when the conditions warranting such payments are met. The conditions and documentation necessary to initiate such payments are waived when the request for such payments is initiated by the recipient.
1984	10/1/84	• States may continue to make payments on behalf of the remaining members of the assistance unit to a parent or other caretaker who fails to comply with certain work or child support requirements if, after reasonable efforts have been made, the State is unable to identify a suitable protective payee.
		WORK INCENTIVE
		MANDATORY PROVISIONS
1967*	1/2/68	• Work Incentive Program (WIN). Recipients must be referred to the WIN program by State agency officials unless (1) under age 16 (2) ill or incapacitated, (3) attending school, (4) needed to be continually present in the home because of the illness or incapacity of another member of the household, or (5) exempted by decision of the State agency.
	7/1/69	• Federal financial participation in State community work and training programs under section 409 of the Social Security Act to cease after June 30, 1968.
1971	7/1/72	• To be eligible for AFDC, every individual must register for manpower services, training, and employment as provided by regulations issued by the Secretary of Labor unless (1) under age 16 or attending school full time; (2) ill, incapacitated, or of advanced age; (3) so remote from a WIN project that effective participation is precluded; (4) needed in the home to care for another family member who is ill or incapacitated; (5) a mother or other relative of a child under age 6 who is caring for the child; or (6) a mother or other female caretaker of a child if the father or other male relative is in the home and not exempted under the law, unless he has failed to register. Any individual referred to in item (5) has the option to register.
	7/1/72	• A State is not to be denied Federal aid by reason of registration or the individual's certification to the Secretary of Labor. (A separate administrative unit in the State agency will (1) administer a special program of supportive services such as health, vocational rehabilitation, counseling, and child care to enable individuals to accept employment or receive training, and (2) certify to the Secretary of Labor those individuals who are ready for employment or training under the WIN program.)

Year Enacted	Effective Date	Type of Provision
1971	7/1/72	• The Federal Government will withhold a percentage of the Federal share of WIN funds in an amount equal to the difference between 15 percent (the penalty-free minimum) of registered workers certified to local employment offices in a given State and that percentage of certified individuals in said State less than such 15 percent.
1981	10/1/81	• Participation in a strike shall not constitute good cause to leave, refuse to accept, or seek employment, and AFDC is not payable to a family for any month in which the natural or adoptive parent is, on the last day of that month, participating in a strike. Aid is not payable to or for any other individual who is participating in a strike on the last day of the month.
1981	10/1/81	• As a condition of eligibility, an individual must be available for employment and/or employment-related services unless s/he is a child who is (1) under the age of 16 or attending an elementary, secondary, or vocational/technical school full time; (2) the parent of a child under the age of 6 and is personally providing care for that child with only brief and infrequent absences; or (3) an individual who meets other conditions previously specified in the statutes.
1988	10/1/88	• Effective with implementation in a State, the Job Opportunities and Basic Skills (JOBS) Training program replaces the WIN, WIN DEMO, and all title IV-A work programs (Employment Search, Community Work Experience, and Work Supplementation). States are mandated to implement JOBS by October 1, 1990, but may implement as early as July 1989 provided they have an approved State JOBS plan.
		OPTIONAL PROVISIONS
1962	10/1/62	• Federal matching is made available for States whose AFDC recipients age 18 or older and living with dependent children participate in a community work and training program if: (1) health and safety regulations are observed; (2) the State pays the recipient no less than the minimum wage; (3) the employment serves a useful purpose; (4) the recipient is covered under Workers' Compensation; and (5) the recipient's expenses attributable to his/her work are considered in determining the relative's need.
1976	1/20/76	• The Secretary of HHS and the Secretary of Labor may jointly enter into an agreement with each State able and willing to do so (1) to simplify procedures to be followed by unemployed fathers and other unemployed persons in the State in registering for WIN and with public employment offices or in connection with applications for unemployment compensation by reducing the number of locations or agencies to which such persons must go in order to register or apply, and (2) to provide where possible a single registration.
1981	8/13/81	• The State may elect, as an alternative to the WIN program otherwise provided in this part, to operate a work incentive demonstration program for the purpose of demonstrating single-agency administration of the work-related objectives of this Act. Maximum State flexibility in the design and operation of such a program is assured. States must submit an application to administer this program within 60 days of enactment of this legislation and, once approved, the project will be in force for three years.
	10/1/81	• The State may establish a Community Work Experience (CWEP) program designed to improve the employability of AFDC recipients. Individuals, including a parent or relative of a child age 3 or older, may be required to participate in this program for the number of hours resulting from a division of the AFDC grant by the higher of the Federal or State minimum wage rate. Health, safety, and other reasonable working conditions must be maintained, and a work assignment must be reasonable in terms of the individual's abilities and location.
	10/1/81	• The State may develop and operate a work supplementation program as an alternative to AFDC. Participation by applicants/recipients shall be voluntary, but State may vary benefits geographically and/or by categories of recipients to encourage participation and to finance the job program. Federal requirements dealing with the treatment of income also may be waived under this program.
1982	10/1/82	• The State may establish an Employment Search program designed to place AFDC applicants and recipients in jobs.
1984	10/1/84	• Federal agencies may host CWEP participants, but the State must provide the same Workers' Compensation and tort claims protections to such participants as it provides to other CWEP participants in the State.
	10/1/84	• The State may operate grant diversion programs in all or part of the State.
		JOB OPPORTUNITY AND BASIC SKILLS TRAINING
		MANDATORY PROVISIONS
1988	7/1/89	• The Family Support Act established the Job Opportunities and Basic Skills (JOBS) Training program to assure needy families with children will obtain education, training, and employment necessary to help avoid long-term welfare dependency. The JOBS program replaced the WIN, WIN DEMO, and other title IV-A work programs. Child care and supportive services must be provided to enable individuals to accept employment or receive training. In a departure from prior Federal policy, Indian tribes/Alaska Native organizations had the opportunity to apply for direct Federal funding by April 13, 1989, to establish their own JOBS programs. States were mandated to implement the JOBS program by October 1, 1990; however, States and tribal organizations could implement earlier provided they had approved State/tribal JOBS and supportive services plans.
	7/1/89	• A State JOBS program must provide educational activities (as appropriate), including high school or equivalent education (combined with training, as needed), basic and remedial education to achieve a basic literacy level, education for individuals with limited English proficiency, job skills training, job readiness activities, and job development and placement.

Year Enacted	Effective Date	Type of Provision
1988	7/1/89	• A State program must include, but is not limited to, two of the following services: (1) group and individual job search, (2) on-the-job training, (3) work supplementation, and (4) community work experience programs or other work programs approved by the Secretary.
		CHILD SUPPORT ENFORCEMENT
		MANDATORY PROVISIONS
1965	7/30/65	• Upon request by any State or local agency administering an approved State plan, the Secretary of HHS must furnish the address of an individual (or the individual's most recent employer, or both) if (1) a court order has been issued against such individual for the support and maintenance of his/her child or children, (2) such child or children are applicants for or recipients of aid, (3) all other sources of income have been investigated without success, and (4) such information is requested for the purpose of obtaining such support and maintenance.
1967*	1/2/68	• When State welfare agencies have been unable to locate the absent parent or parents of children receiving AFDC through all sources available to them, the Internal Revenue Service will make available any information it has concerning their whereabouts.
1975	8/1/75	• The State plan must provide for prompt notice (including transmittal of all relevant information) to the State child support collection agency of the furnishing of AFDC payments for a child deserted or abandoned by a parent (including a child born out of wedlock whether or not its paternity has been established).
	8/1/75	• The State plan must provide that, as a condition of eligibility for aid, each applicant or recipient will be required: (1) to assign to the State any rights such applicant may have to support from any other person (a) in his own behalf or on behalf of any other family member for whom the applicant is applying for or receiving aid, and (b) that have accrued when such assignment is executed; and (2) to cooperate with the State (a) in establishing the paternity of a child born out of wedlock for whom aid is claimed; and (b) in obtaining support payments for (or any other payments or property due) such applicant and/or for a child with respect to whom such aid is claimed. If the relative with whom a child is living is found ineligible because of failure to comply with the requirements, any aid for which the child is eligible will be in the form of protective payments, regardless of the eligibility of the relative.
	8/1/75	• The State plan must provide that the State has in effect an approved child support plan and operates a child support program in conformity with such plan.
	8/1/75	• The amount payable to any State for its child support program for quarters in a fiscal year will, for quarters beginning after December 31, 1976, be reduced by five percent of such amount if such State is found by the Secretary of HHS in the annual audit to have failed to have an effective program in any fiscal year beginning after September 30, 1976 (but, for the fiscal year beginning October 1, 1976, only considering the second, third, and fourth quarters).
	8/1/75	• No State may be found, before January 1, 1977, to have failed substantially to comply with requirements if, in the judgment of the Secretary of HHS, such State is making a "good faith" effort to implement the program.
	8/1/75	• The term "aid to families with dependent children" does not cover payments with respect to a child's parent (or other individual whose needs the State determines should be considered in determining the need of the child or relative claiming aid under the approved State plan) who fails to cooperate with any State agency or official in obtaining such support payments. This provision may not be construed to make an otherwise eligible child ineligible for protective payments because of the failure of such parent (or such other individual) to so cooperate.
	8/1/75	• The State plan is to provide that, in determining the amount of aid to which an eligible family is entitled, any portion of the amounts collected in any particular month as child support and retained by the State under the provisions for distribution of the collections that (under the approved State plan in effect both during July 1975 and during that particular month) would not have caused a reduction in the amount of aid paid directly to the family, is to be added to the amount of aid otherwise payable to such family.
	8/1/75	• The State plan is to provide that, as a condition of eligibility for aid, each applicant or recipient will be required to cooperate with the State in establishing paternity and in obtaining support payment unless such applicant or recipient is found to have good cause for refusing to cooperate. Good cause will be determined by the State agency in accordance with standards prescribed by the Secretary of HHS. Such standards must take into consideration the best interests of the child on whose behalf aid is claimed.
1984	10/1/84	• The State must pay to the family the amount disregarded (up to the first $50 per month) from support the State received from an absent parent.
